

Munvo has been a trusted partner of Adobe since 2013, specializing in Adobe Experience Manager (AEM) projects. We have successfully executed a range of initiatives, including **AEM Site and Assets System implementations, strategic guidance and architecture reviews, AEM as a Cloud Service migrations, AEM Sites component development, as well as Integration and Run Services.**

AEM as a Cloud Service Migration Process

1

Assessment of Current State

- Evaluate the readiness of the current AEM implementation.
- Provide analysis and reports on the code base, users, groups, and custom components.

2

Development and Migration

- Refactor code, update existing components, and back-end systems to ensure compatibility with AEM as a Cloud Service (AEMaaCS), including testing and validation.
- Migrate content and assets to the cloud.

3

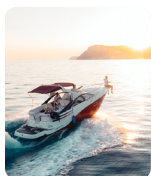

Go Live

- Transition to AEMaaCS with minimal downtime.
- Ensure a smooth transition and provide post-go-live support to ensure success.
